

## **Bacteria Testing for NH Beach Inspection Program**

Eastern Analytical, Inc. (EAI) offers E. coli bacteria testing for freshwater samples per the NHDES Beach Inspection Program. <https://www.des.nh.gov/organization/divisions/water/wmb/beaches/index.htm>

**Price:** \$28/sample

**Includes:**

Sterile sample container(s)

Pre-printed chain-of-custody document with your project and sample site name

E. Coli Analysis

**Reminder:**

E. coli has a short hold time. EAI will need to receive sample(s) within 6 hours of collection and by 3 p.m. Monday - Friday.
